

## Lesson 3 Sample Prayer

Father,

I love knowing that as I feel the Holy Ghost this day it is a confirmation to me that I am on the path to be with Thee again. It is such comfort to know that I'm not required to be perfect, but as I STRIVE and PROGRESS on the covenant path each day, it is ENOUGH to qualify for the Gift of the Holy Ghost. Each time I feel the Spirit this day it can increase my level of hope to be raised unto eternal life. I love knowing that I can qualify for exaltation minute by minute as I turn to Thee throughout the day.

I know the scriptures and prophets testify that through the Holy Ghost I may know the truth of all things. Having confirmations of truth is not an egotistical experience, but rather a humbling experience to know that I am worthy to receive the confirmations of the Holy Ghost.

I am so grateful Father to press forward throughout my day with a steadfastness in Christ and as I feel the Holy Ghost I can have a perfect brightness of hope to live with Thee again! My part is staying true on the covenant path. This knowledge helps to increase my love for Thee and for all the people around me. I love reading the scriptures and feasting upon Thy word and filling my body with light as I turn my heart towards Thee.

I rejoice that as I feel the Spirit this day it means Thou art confirming to me that I am clean and forgiven of my sins, on the straight and narrow path and if I die this day, I will go to Thee in Paradise! It means that if the Savior comes today I will be lifted up! That I am schedule for Exaltation because of the process of Justification.

I rejoice in my Savior for making all these things possible because of His Atonement. Thank you Father for sending Jesus Christ to the earth. I praise Thee with fulness of heart because of the Savior's willingness to die for me. How great my blessings are and I feel them with a fullness of gratitude and praise...

I love Thee Father, I give praise to Thee. Help me remember that the worth of my soul is GREAT in Thy sight.
