

## Lesson 6 Sample Prayer

Father,

I praise Thee for the Law of Consecration. I know this is a higher law of the gospel and learning how to live the Law of Consecration in my heart is a big step for my spiritual growth. I praise Thee that Thou has given me stewardship over everything that is in my life right now. I ask Thee today to help me as I change my paradigm about the things in my life.

I praise Thee for my relationships. I ask Thee to help me to see all of my relationships as a gift Thou has given to me. I know that YOU KNOW everyone in my life MUCH better than I do, because you can read their hearts. Help me to use the spirit to understand them and see them as Thou sees them.

I praise Thee for the possessions in my life. I praise Thee for the home that is Thine, that I get to take care of. I praise Thee for the things in this home, and that I get the stewardship of taking care of them. I praise Thee for ALL physical possessions that are all Thine. Help me in my priorities today to glorify Thee as I am taking care of all of these possessions, including all my bills

I praise Thee for the body Thou has given me as a stewardship. Help me today, anytime I might get frustrated with my physical body, to remember to use those frustrations for my spiritual growth, and as I do that I can transcend the temporal world, and receive help through the Atonement of my Savior. Help me in my mental energy, to see how praise lifts my mental and emotional energy and to feel the light that comes into my body as a result of that.

I know that Thou art the Master of the Vineyard. I know Jesus is also the Master of the Vineyard. I am so grateful to be Thy servant. Help me in my mind to review my temple covenants (or to strive to receive my temple

covenants), and remember what Thou has said about Consecrating my whole heart unto Thee.

I place ALL my stewardship assignments before Thee. Tell me Father, which of them need my attention today? Lead me within those stewardship assignments. As I spiritually focus, I know Thou will help me know that what I do today will be sufficient and any lack involved, Thou will make up the difference for. As I perform all these things out of my love for Thee it will not be cumbersome. And if I ever feel like my burden is too heavy in my stewardship assignments, help me to use that as a sign that I need to give them to THEE and not try to carry them out on my own.

I love Thee Father, and I know the worth of my soul is great in Thy sight.
